11. (Original) A system for creation and display of trip journals, comprising,

(a) a server hosting a web page allowing modification and display of a trip journal associated with a trip to first and second locations, said trip journal comprising first and second maps, said first and second showing at least one of said first or second locations;

(b) said server accessible by a first remote computer whereby a traveler may access and modify said trip journal;

(c) said server accessible by a second remote computer whereby a visitor may view said trip journal;

(d) wherein the relative position of said first and second locations on said first map remains constant relative to said display on said second map.

12. (Original) The system of claim 11 wherein said trip journal further comprises an entry associated with said first location.

13. (Original) The system of claim 12 wherein said trip journal is accessible to visitors.

14. (Original) The system of claim 13 wherein said entry comprises a text message.

15. (Original) The system of claim 14 wherein said entry further comprises a photo.

16. (Original) The system of claim 15 wherein after modification of said trip journal, said traveler may send a message to said visitor.

17. (Original) The system of claim 16 wherein said trip journal is password protected.

18. (Original) A system for creation and display of trip journals comprising,

(a) a server in communication with a database of raster based maps;

(b) a coordinate system relating each of said maps to a central coordinate system;

(c) a user interface for creation and amendment of said trip journal and for selection and modification of a map for inclusion in said trip journal to display a location; and

(d) a user interface for creation and amendment of entries associated with said location.

19. (Original) The system of claim 18 wherein said entries comprise text messages.

20. (Original) The system of claim 19 wherein said entries further comprise photos.

21. (Original) The system of claim 20 further comprising means for tracking referrals such that when a traveler is referred to said system, said system records the referral source associated with said traveler when said traveler registers with said system.

Consideration of elected claims 11-21 is now requested.

If fees are believed necessary, the Commissioner is authorized to charge any deficiency or credit any overpayment to Deposit Account No. 04-0258.
